Read these statements and answer the questions:

**Which places do you like going to where you live?**

I like going to the mall during weekends. I usually go there with friends or with my brother. We sometimes go for lunch or ice cream, but sometimes we shop in the mall. I also like going to the library near the place I live. I like going to the cinema too, but I don't do that quite often.

Rita – Florida 17 October - 2019

There are so many places to go where I live. Among them, I mostly like going to the parks. There are a lot of parks in my city. It is a very beautiful place for relax. We can walk, ride a bike, play with the dogs . It is so much happy to see the children playing happily. Some families are making picnics with smiles and laughs. I don't like places where you can not have fun.
